

# My Family Is My Priority . . .

You now have the ability to enhance the security and surveillance of your home and family without having to spend thousands of dollars buying a DVR system. Our Internet Video Recorder is a service that allows you complete control of your system.

We have harnessed the power of the internet, and provide you with the ability to:

**VIEW LIVE CAMERA VIDEO ANYTIME & ANYWHERE**  
**RECORD & PLAYBACK THE VIDEO**  
**STORE RECORDED VIDEO UP TO 60 DAYS**  
**SEND & RECEIVE VIDEO CLIPS**  
**SEND & RECEIVE SNAPSHOTS**

There is no expensive equipment to buy. Our service works with your present high-speed broadband connection and router. All you need are the cameras.

***No DVR's to fail, get destroyed or be stolen!***

For more benefits and to learn how you can view, record, review and archive video using our

**Internet Video Recorder:**
